

Pirro's

RESTAURANTE

Along with the memories of Italy and the love of their home country that our family carried with them in their heart, they also carried their family recipes and the traditions of Italian cooking. As a third generation Italian, these recipes and tradition have very much been a part of my life growing up. My Mother taught me Italian cooking, just as her Mother taught her. Through the years, I have taken these much loved recipes and added my own fresh, creative twists to them. It is this combination of the old and the new that I feel makes these recipes so unique, and my food so irresistible. Just as my family back in Italy serves their food with pride, so do I proudly offer my own unique food to you.

Relax & Enjoy!
